

## Math 1100 Materials Information

We are using the Inclusive Access Program for students to obtain Cengage Unlimited access for one semester. The cost for 4-month access is \$124.99. Students are automatically billed for this with their tuition. With Cengage Unlimited, you have access to the following course materials:

- ***Mathematical Applications for the Management, Life and Social Sciences, 12th Edition* by Harshbarger & Reynolds**
- **Online Homework through WebAssign**

You can access the materials through links in Canvas. Here is additional information.

- Many business school classes also use Cengage materials. If additional classes also require Cengage unlimited, you will only be billed one flat amount for Cengage Unlimited, and you have access to materials for all these courses for the semester!
- If this is your only class using Cengage materials, it is slightly cheaper to OPT OUT of Inclusive Access, then go to WebAssign through a HW assignment in Canvas and purchase textbook/WebAssign access just for our book. The cost of this (for 180-day access) is \$114. To opt-out, go to the “Bookshelf” tab in Canvas (it’s in the menu on the left.) If you opt out, you will be refunded what you paid in your tuition bill in Week 3.
- If you would like to occasionally use a physical book (this would be in addition to inclusive access), there are a couple copies of the book at the Reserve Desk in the Marriott Library that can be check out for a few hours at a time.
- If you would like to purchase a physical copy of the book (this would be in addition to inclusive access), a loose-leaf version is available for purchase at the bookstore.

If you have any questions or feedback, please feel free to email me.
