

## Application Materials and Checklist International Applicant

### Minimum Requirements:

1. A bachelor's degree in Mathematics or equivalent.
2. A cumulative GPA of at least 3.0 for undergraduate and graduate (if any) coursework.
3. A TOEFL score of at least 500 (173 on computer-based exam or 61 on iBT exam).  
(Note: TOEFL score not required for students who have attended a college or university within the United States in the last two years.)

### Application Deadlines:

Spring Semester: November 1

Summer Term: March 1

Fall Semester: January 15 for full consideration. Applications will be accepted until March 15 for admission only.

.....

The application materials are linked to this checklist and are specific to your application process as an international applicant to a graduate program in Mathematics. Follow the checklist closely to avoid delay in the processing and review of your application.

### Checklist for International Applicants

#### I. Apply to the University of Utah International Graduate Admissions Office

- A. Apply online or you may download the application in PDF, submit the following required documents and fees:
  - i. An Application fee of \$65 for international students;
  - ii. All official college transcripts, whether you earned a degree or not, in their original language accompanied by an English translated version;
  - iii. The original TOEFL score transcript, unless you have attended a college or university in the United States in the last two years;
  - iv. A copy of the first page of your current passport or national ID card.
- B. Track your admission status online regularly until all required documentation is received and processed. NOTE: Your I-20 cannot be processed until ALL materials are received by the International Graduate Admissions Office and you have been admitted by the graduate program.

#### II. Apply to the Mathematics Department for Admission to a Graduate Program

- A. The following documents must be completed and submitted to the Mathematics Department Graduate Program Coordinator by the specific deadlines noted above:
  - i. Application for Admission and Financial Aid Form;
  - ii. Three Letters of Reference, using the reference form;
  - iii. All official college transcripts, whether you earned a degree or not, in their original language accompanied by an English translated version;
  - iv. A copy of TOEFL score transcript, unless you have attended a college or university in the United States in the last two years.
  - v. An official GRE subject score. This is not required, but it is highly encouraged.

- B. All documents and applications must be legible and meet departmental deadlines, as noted above.
- C. There are no fees to apply to the Department of Mathematics.
