

Application for Undergraduate Mathematics Scholarships

This application form is used for consideration for all relevant Mathematics Department scholarships. Most scholarships may be awarded to entering, continuing, or transfer students majoring in mathematics. Scholarships are awarded based on the following criteria:

- **Your completed application**, including the statement of interest and financial need statement.
- **Mathematics related activities.**
- **Two letters of recommendation.** For continuing students, it is strongly recommended that both letters be from U of U mathematics instructors.
- **Grade Point Average** with special emphasis on math courses taken and the grades achieved in them.
- **ACT/SAT scores for entering freshmen.**

Completed applications may be submitted to the Mathematics Department office (233 JWB). They may also be mailed to:

Mathematics Department
c/o Undergraduate Scholarship Committee
155 South 1400 East, JWB 233
Salt Lake City, UT 84112-0090

Applications must be received by **5:00 PM on Friday, March 9, 2012**. Scholarship winners will be notified in April.

IMPORTANT: Only **completed** application files will be reviewed and considered for scholarships. Each file is complete when we've received:

1. Completed application form
2. Two letters of recommendation
3. Full college transcripts (or high school transcripts for entering freshmen) from all colleges attended.
4. For entering freshmen: copy of ACT/SAT scores (unless they are on your high school transcripts). A photocopy is fine.

You are welcome to check on the completeness of your application by emailing Katrina Johnson, kjohnson@math.utah.edu. You may want to request 3 or 4 letters of recommendation to assure that there will be at least 2 letters in your file.

U of U Mathematics Department Scholarship Application

Applications must be received by March 9, 2012

This application is used for consideration for all relevant math department scholarships.

Name: _____

Address: _____

Phone: _____ Email: _____
