Discrete Math 2200. Problem Set 4

Due date: Thursday, September 25 (although I recommend that you try to finish it by Tuesday 9/23), in class. Late homeworks are not accepted, except for a medical or some other university approved reason.

Unless specified otherwise, the numbering of the exercises below is as in the textbook (Rosen, ed. 6). Only even numbered exercises will be graded, but I recommend you try to do all of them for practice.

Problem 1. Functions. page 146: 12, 13; page 147: 17, 18, 21, 34, 35, 38; page 165: 24.

Extra problem(s) will not be graded: page 149: 77, 78; page 163: 41, 46, 48.
