

Group Evaluation Form
Math 5740 Mathematical Modeling

This form is due at the completion of each project on the same date that written reports are turned in.

1. **Name:**

2. Project number:

3. Group number:

4. On the back of this page, *briefly* describe your contributions to the project. Be thorough and list all significant contributions you made.

5. On the back of this page, *briefly* describe each other group member's significant contributions to the project.

6. How well did your group work together? Check all that apply.
 - Each member of the group contributed equally to the project.
 - I did more than my share.
 - I did less than my share.
 - Other member(s) of the group contributed more than a fair share.
 - Other member(s) of the group contributed less than a fair share.

7. **Signature:**
