

Math 1090
Final Review

It is not expected that you solve all of the problems here, but you should at least read the questions to get an idea of what kind of questions will be on the final. The final will be comprised of problems very similar to the ones on this review sheet.

To review for the final, start with looking at all of the homework that was assigned. Also, look at the following problems out of the Review Exercises:

Chapter 0 (pages 54-56): 23-28, 39-44, 63-71

Chapter 1 (pages 137-141): 13-15, 22, 26, 28-29, 30-36, 43-49, 55, 66-67, 68-69, 71

Chapter 2 (pages 203-207): 19-24, 47, 52-54, 55-60

Chapter 3 (pages 290-293): 12-25, 26-31, 34

Chapter 4 (pages 370-373): 13-20, 35-36

Chapter 5 (pages 419-421): 1-2, 23-26, 27-28, 44-48

Chapter 6 (pages 484-487): 14-22, 26-29, 30-34, 35-37

In addition look at the following problems out of the Chapter Tests at the end of the chapters:

Chapter 1 (pages 141-142): 5-6, 7, 8-9, 12, 13, 14-15, 16

Chapter 3 (pages 293-295): 1-6, 7, 10-12

Chapter 6 (pages 487-488): 1-17
