Comments on course effectiveness

I really enjoyed the coding portions of the homeworks.

I got a better understanding of CLT and chi-square test.

The practical homework helped me to understand the theoretical concepts learnt in this course. Good explanations of the professor.

### **Instructor Comments**

The instructor is really helpful.

Firas always takes the time to really answer student questions.

He is super nice and patient.

Knowledge of the subject and availability to explain specific questions in the office hours.
