

Math3105

**Homework 10**

Due next week in class

Homework Assigned:

1. Read Flatland by Edwin Abbott.

\*\*\*\*\*

Textbook Analysis

Your 2-3 page report of the textbook analysis will also be due next week in class. This is not counted toward your homework grade, though, because it has its own grade category (see the syllabus—it counts for 20% of your overall grade). There is a separate write-up for this assignment.
