Homework 11

Due next week in class

Homework Assigned:

1. As a group, email a pdf file of your newspaper page for our classroom Flatland Newspaper. This must be emailed to me by next Tuesday morning at 10:30 a.m. Each group of 3-4 students will make a newspaper page of articles, etc. based on the Flatland book. This will be explained more in class.
2. **This MUST be typed.** Prepare a lesson (to teach in class). You can choose to teach any activity from the topic you chose for your textbook analysis. You will need to turn in your (brief) lesson plan. You should prepare at least two to three different lessons so we don't have overlap between presentations. Your teaching will last about 5 minutes.
