

*The island where I buried my treasure contains a single palm tree.*

*Begin at the tree and walk directly to the falcon-shaped rock, counting your paces. Turn a quarter-circle to the left and walk the same number of paces. When you reach the end, put a stake in the ground.*

*Return to the palm tree and walk directly to the owl-shaped rock, again counting the paces. Turn a quarter-circle to the right and walk the same number of paces. Put another stake in the ground.*

*Connect the sticks with a rope. The treasure is buried at the midpoint of the rope.*

*Jean LaFeet*
