

1 SUPPLEMENTAL INSTRUCTION

The Supplemental Instruction Program, called SI for short, is offered in this course to provide organized study sessions. These sessions are free and open to all students in the course and are led by an undergraduate who has done well in this subject area. Your SI leader will be attending classes, reading the material, and doing any relevant assignments to be prepared for the SI sessions. The purpose of SI is to see that each of you has the opportunity to do as well as you would like to in this course. **In SI sessions, we will work collaboratively to review, organize, and clarify the material from lectures, teach you ways to develop effective study skills for this course, and help you prepare for exams.** Your SI leader will schedule 3 meetings per week convenient to the majority of your schedules. Attendance is voluntary, and you may attend as many or as few sessions as you like. Research on SI, both nationally and at the U of U, shows that students who attend SI improve their course grade by about .5. Regular attendance can boost your grade even more. For more information on the Supplemental Instruction program please visit the website at www.sa.utah.edu/lep and click on the link to Supplemental Instruction.
