# JORDAN DERIVATION AND FUNCTIONAL EQUATIONS

by

**Pl.Kannappan**, Waterloo, Canada

*Abstract.* In this paper we study two functional equations connected to quadratic functional and a symmetric Jordan (bi)-derivation on ring.

*Mathematics subject classification:* 39B22, 39B52, 39B70.
*Keywords:* symmetric, Jordan bi-derivation, quadratic functional equation, additive, bi-additive maps.
