# TOPOLOGICAL VECTOR SPACES OVER VALUED FIELDS II

by
**V.Benekas** and **A.K.Katsaras**, Ioannina, Greece

*Abstract.* The study of topological vector spaces over valued fields, initiated in [2], is continued. Barrelled spaces, Baire-like spaces, Suprabarrelled spaces and Bornological spaces are investigated.
*Mathematics subject classification:* 46A
*Keywords:* valued fields, barrelled space, Baire-like space, local convergence, bornological space.
