

Homework for Math 1220

Fall 2009 Week 13

Instructor: Rémi Lodh

Due Wed. 9th December

Guidelines for homework

- Please attempt all problems, but you are only required to hand in the even numbered ones.
- Show your work. This does not mean that you include your rough, it means that after solving the problem you write up the solution.
- Staple your homework sheets together. Failure to do so will result in a points penalty.
- The marking scheme is as follows: 3 marks for the answer with complete reasoning, 2 marks for complete reasoning but wrong answer, 1 mark for some work leading up to the answer.

Homework Problem List - only hand in the EVEN numbered problems

§9.8 : Concepts Review and 1,3,4,5,6,7,8,19,20,21,22
