Dr. Moon Duchin is a professor in the mathematics department at Tufts University. As an undergraduate at Harvard University, she double-majored in mathematics and women’s studies. She went on to graduate school at the University of Chicago, where she specialized in geometry and topology. At Tufts, she is one of the core faculty members of Tufts’s Science, Technology, and Society program. Dr. Duchin was also a Mathematical Association of America Distinguished Lecturer in 2016, speaking on the mathematics of voting systems.
