Class webpage <http://www.math.utah.edu/~todorov/math1060>

Syllabus :

CHAPTER	SECTIONS
Chapter 4	4.1-1.8
Chapter 5	5.1-5.5
Chapter 6	6.1-6.5

Homework: You will have homework every week. The homework assignments will not be due, but solving them is essential.

Quizzes: Selected problems from the homework will be given for a 10-15 minutes quizzes every class meeting except the days of the midterms. In forming the final grade I will drop one of your quizzes.

Class participation: Class participation is extremely important. I encourage you to ask questions and make remarks and comments.

Exams: There will be three intermediate in class exams, which are tentatively scheduled for the following dates:

- Tuesday, September 27;
- Tuesday, October 25;
- Tuesday, November 22;

Final exam: Final exam will be on Tuesday, December 13, 8:30 - 10:30 pm in our regular classroom.

Course grade: Here is the chart of how grades will be decided:

- 50% for two of your best intermediate exams.
- 25% for the final.
- 25% for quizzes.

Make up exams: They can be arranged, but please notify me beforehand. I reserve the right to refuse a makeup if I am asked after the event itself. Keep in mind that I will drop one of your midterm exams and one of your quizzes.

ADA statement: The American with Disabilities Act requires that reasonable accommodations be provided for students with physical, cognitive, systematic, learning and psychiatric disabilities. Please contact me at the beginning of the course to discuss any such accommodations you may require for the course.
