List two things about the course content, materials or design that were effective for your learning, or make constructive suggestions for improvement.

- nothing
- This lab was not fully explained by the instructor at the beginning on the semester. The students were not told what exactly would be covered in lab or how the labs affected their grades and this frustrated me. The instructor of the lab was very kind and helpful and the content of the lab helped a lot with studying for the tests.
- Excellent
- 1. good job 2. good job
- I really enjoyed coming to lab. But sometimes I felt like the lab ad went to fast. Most students take longer to try to figure out the concept at hand in their head. she was worried no one was listening but they just needed time to figure out the answer to her question.
