List two things about the course content, materials or design that were effective for your learning, or make constructive suggestions for improvement.

- The instructor was friendly. She really cares about what the students think about her performance. I attended labs by both TA's and what I particularly like about Zsuzsanna, is that she takes the entire class period to review things---she doesn't go over things hastily and then let class out 20 minutes earlier. I thought things were fairly constructive.
- I could understand the material a lot better in zsuzsanna's session. it just moved really fast. i had a hard time keeping up all around.

HORVATH,ZSUZSANNA: List two things about this instructor that were effective for your learning, or make constructive suggestions for improvement.

- Excellent instructor---see comments above.
- She explained things in a way that i could actually understand. It helped that the class was a lot smaller than the actual class. It helped that the session was a review from the previous week.
