Application for Undergraduate Mathematics Scholarships

This application form qualifies you for consideration for all relevant Mathematics Department scholarships. Most scholarships may be awarded to entering, continuing, or transfer students majoring in mathematics. Scholarships are awarded based on the following criteria:

- **A brief statement of interest.** Since some scholarships consider financial need, any need-related information should be included in this statement.
- **Mathematics related activities.**
- **Two letters of recommendation.** For continuing students, it is strongly recommended that at least one letter be from a U of U mathematics faculty member.
- **Grade Point Average** with special emphasis on math courses taken and the grades achieved in them.
- **ACT scores for entering freshmen.**

Completed applications may be submitted to the Mathematics Department office (233 JWB). They may also be mailed to:

Mathematics Department  
c/o Undergraduate Scholarship Committee  
155 South 1400 East, JWB 233  
Salt Lake City, UT  84112-0090

Applications must be received by 5:00 PM on Friday, March 13, 2009. Scholarship winners will be notified by the end of April.
