

Complex Geometry

A Conference in Honor of
Domingo Toledo's 60th Birthday

March 24-25, 2006

Schedule

If you need urgent help with anything, call Jim Carlson at 857-928-0491 (cell).

Thursday

Arrival at Salt Lake City airport. Many have already arranged for a shuttle, rental car or alternative transportation.

Xpress Shuttle 801-596-1600, 1-800-397-0773, www.xpressshuttle.utah.com, \$12.00 each way from airport to guest house - if you made reservations through Nancy your shuttle and tip will be pre-paid. Reservations are generally required 24 hours in advance.

Check in at The University Guest House, 110 South Fort Douglas Blvd, 801-587-1000 or 1-888- 416-4075, www.guesthouse.utah.edu.

For dinner there are two possibilities:

(a) Heritage Center Dining Room open until 8:00 PM: with limited options until 10:00 PM: on weekdays, within walking distance of the Guest House - see map.

(b) Those interested meet Jim Carlson in Guest House Lobby at 6:45 pm to go to dinner at the East West Connection, 1400 Foothill Drive, 801-581-1128, www.eastwestconnection.net

Friday

Talks will be held at LNCO Room1100. LNCO is just South of the Union Bldg., see map.

9:00 AM: Registration, coffee and pastries. Please bring documents necessary for reimbursement.

Plane ticket (e-ticket) and boarding pass, photo ID/Passport original receipts. A staff member will collect \$20 for the subsidized Friday night banquet at the Lugano Restaurant.

9:30 AM: Daniel Allcock - A monstrous proposal

11:00 AM: Dennis Sullivan - Operations in the string spaces of a smooth manifold and compactified spaces of Riemann surfaces

12:00 PM: Lunch - Those who wish can walk to the Crimson View in the Union Building (formerly the Panorama Room). Other nearby restaurants are also an option if you wish.

1:45 PM: Luis Hernández - Almost-Hermitian structures of minimal energy

2:45 PM: Yum-Tong Siu - Multiplier ideals and the finite generation of canonical rings

3:45 PM: Break

4:00 PM: Jim Carlson - Some new Hodge theory for cubic threefolds

6:00 PM: Cocktail Hour

7:00 PM: Dinner at Lugano Restaurant, Loggia Room, 3364 S. 2300 E., 801-412-9994

Saturday

Talks will be held at LCB 219. LCB is one of the mathematics buildings on President's Circle, see map.

9:00 AM: Coffee and Pastries

9:30 AM: János Kollár - Holonomy groups of stable vector bundles

11:00 AM: Misha Kapovich - Generalized triangle inequalities and their applications

12:00 PM: Lunch - We will disperse to nearby restaurants

1:45 PM: Bill Goldman - Toledo's Invariant of Surface Group Representations

2:45 PM: Anna Wienhardt - Why you should maximize the Toledo invariant

3:30 PM: Break

3:45 PM: Bruno Klingler - On the Andre-Oort conjecture

6:00 PM: Dinner and drinks (open house) at Domingo Toledo's, 783 13th Avenue, 801-521-2129. See map for driving directions.

Sunday

10:00 AM: Brunch - There will be an informal brunch at Ruth's Diner located at 2100 Emigration Canyon, 582-5807, www.ruthsdiner.com, for those staying over.
