Question: Comments on course effectiveness	
Quizzes every day. Lots of practice problems.

This should be a 4 credit class.	
Flipped classroom. Enthusiastic professor.	
I really liked the method of teaching--the classroom was flipped. It was also engaging to have the teacher work through example problems on the board in class.	
This course, while it is rigorous is extremely rewarding. The format of having a quiz every day and a midterm every Friday really helped me stay on top of the class.
